Education Services

SEND Information Advice and Support Service (SENDIASS) (0-25)

SENDIASS offers impartial and confidential Special Educational Needs and Disability information, advice and support for parents/carers, children and young people. SENDIASS does not take sides. They aim to offer a wide range of services to help families make informed decisions which enable them to take an active role in the education of their child/young person.

Education, Health and Care Plans (EHC / EHCP)

An Education, Health and Care Plan is for children and young people who need extra educational support over and above what a mainstream setting is expected to provide.

Young people can undertake an Early Health and Care Needs Assessment (EHCNA) and the Local Authority responds with an EHC Plan, which identifies the educational, health and social needs and additional support for each person. Young people aged 16 to 25 can request an assessment themselves.

SEND Support in Education

Education settings, including early years providers, schools, and colleges, all have a duty to identify and support children and young people who have or may have SEND. Much of this support will initially come from teachers and staff in the school itself, co-ordinated by a SENCO (Special Educational Needs Co-ordinator). However, there may be times that settings need additional support to help them identify needs or provision.

Coventry City Council offer specialist services to settings. Most of these are “traded” services, meaning that the settings pay for them to carry out their work. When discussing your child’s SEND, it may be useful to find out if any of these services will be involved. Schools and colleges do not have to use these services as they can also source their own support from other specialist professionals or organisations.

Every school must also publish a “SEN Information Report” – these must be published on the school’s website and be available to parents.

SEND Support Service consists of a number of teams which support different areas of need.

Elective Home Education

All parents have the option to consider Elective Home Education. This is where a parent is responsible for providing education for their child. If you are considering whether this is the best solution for a child, a good place to start is the information provided by the Local Authority’s Elective Home Education officer.

Please keep in mind there is no financial support available when you home educate.

Alternative Provision

Some schools will be able to look at alternative provisions for some students. This might be either on a short-term or longer-term basis and there are generally more options for secondary school age pupils. Alternative provisions are normally used where a pupil cannot attend a mainstream school due to exclusion, medical difficulties, or other reasons.

- 🖨 Key stage 3 and 4 Alternate Provision www.coventry.gov.uk/elc

Specialist School

Specialist school provision is only accessible to those pupils with an Education Health and Care Plan (EHCP). This includes all maintained special schools and any non-maintained independent schools. Most specialist provision is provided by the Broad-Spectrum special primary and secondary. There are also some Enhanced Resource Bases, which are attached to mainstream schools and support young people with speech and language needs, autism social and communication needs and hearing impairments.

School Attendance

GOV.UK have information on punctuality, improving outcomes, parental responsibility measures, school leaving age and school closures. There is also a link to a brief overview of what happens when your child misses school, who you may be contacted by, and what counts as absence. They also provide links to other pages such as basic help with getting your child to go to school, as well as possible legal action to enforce school attendance.

Local Authority Services

Early Help Support Team (0-19, 2-25 SEND)

Early Help family support workers offer advice and support to families who are seeking help with parenting concerns, such as behaviours which may feel challenging or sleep issues. The service offers a spectrum of support from parenting workshops to a more targeted and personalised approach provided through the Early Help pathway.

To find your local Family Hub and there contact details, click on the Family Hub link below.

SEND Local Offer (0-25)

The SEND Local Offer brings together information about local services and support available across education, health and social care. This is for families with children and young people who have special educational needs and/or disabilities, such as childcare, independent schools or colleges, care placements, apprenticeships, transport arrangements between home and education settings (such as nurseries, schools and learning centres), specialist teachers, therapy services, and other specialist support.

The offer should detail support for both those with Education, Health, and Care (EHC) plans and those without.

Preparing for Adulthood. (14-18)

Planning or preparing for adulthood is a term used to describe the period of time in your life when you move from being a child to a young adult. It helps to start thinking about this transition early. If you have an education, health and care plan (EHCP), this preparation should be included in your annual review from year 9.

Health Services

School Nursing (4-19)

School Nursing supports school age children, young people and their families. They deliver the Healthy Child programme 4-19, working to identify and meet the health and wellbeing needs of the school age population and encouraging them to take responsibility for their own health and to adopt a healthy lifestyle. Parents can call the School Nurses to discuss any child health concerns they may have.

Young people aged 11 to 19 can use ChatHealth to send confidential text messages to School Nurses who will provide impartial advice and support.
