Coventry and Warwickshire
Health and Care Partnership

Joint C&W Place Forum / Health and Care Partnership Board –
3 November 2020

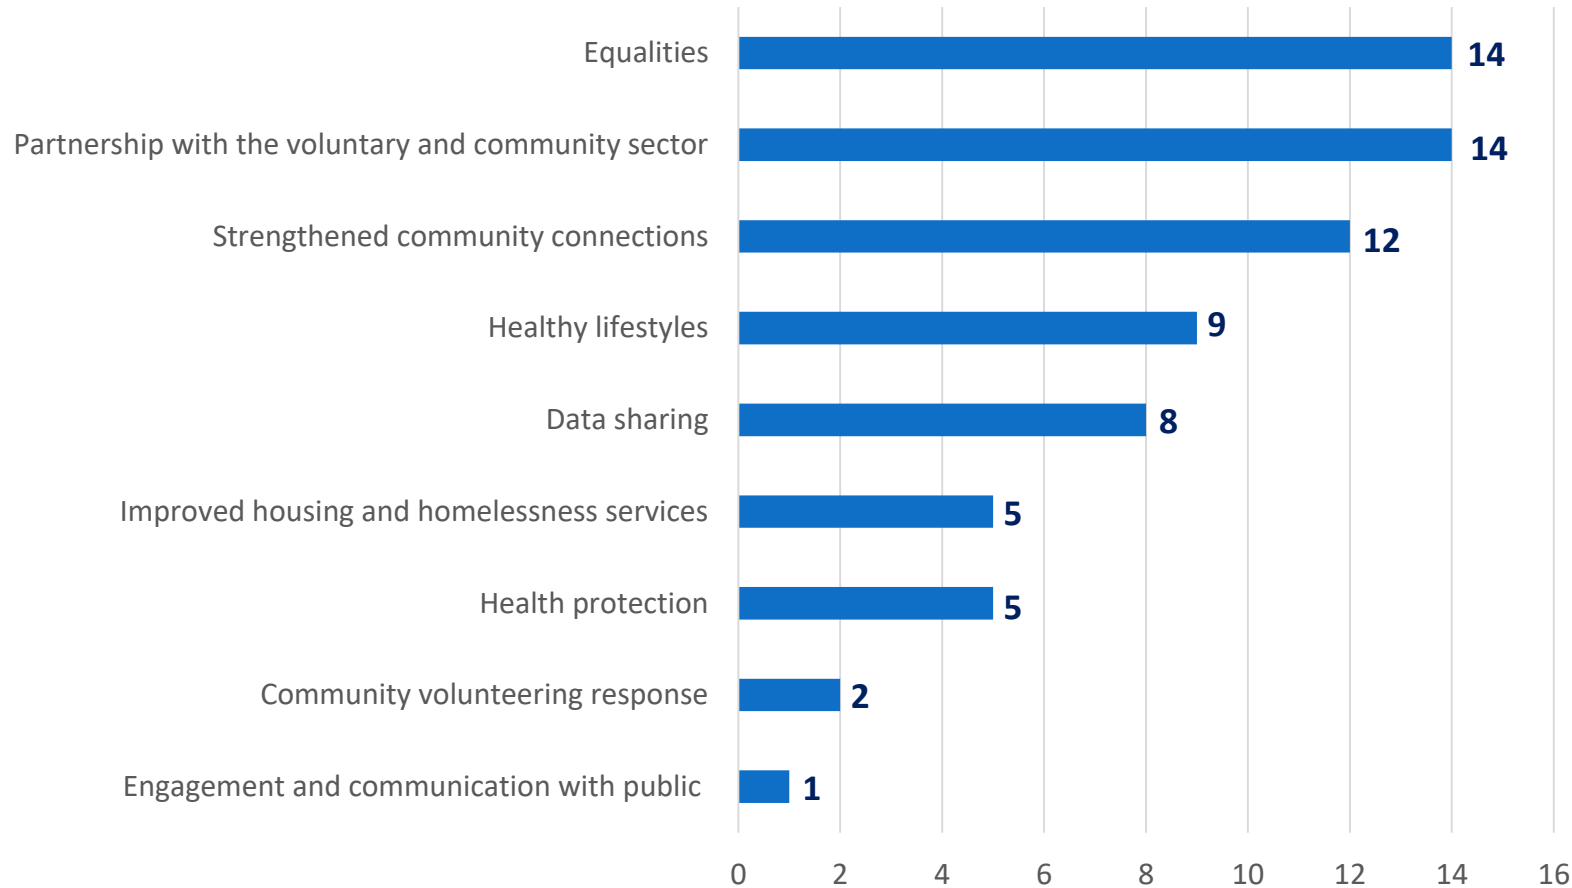

Pre-event survey results

Which impacts of the pandemic are of most concern to you? (please choose 3 of the following options) (33 responses)

What are the key opportunities from the pandemic that we should focus on together? (please choose 2 of the following options) (33 responses)

If you were to give one message to partners and colleagues planning the local pandemic response and recovery, what would it be?

- Collaborative approach at place
- Listen to and network with our communities
- Consider long term impacts (economic, mental health, impact on children)
- Importance of health protection
- Joined up approach / partnership working
- Support staff health and well being
- Focus on vulnerable groups to improve outcomes and reduce inequalities
- Clear communication both internally and externally
- Ensure COVID19 legacy
- Take tangible action
- Keep calm and carry on smiling!

Reflections

Next steps and actions

- Reassert system commitment to tackling health inequalities and respond to and champion the Call To Action to address health inequalities
- Take opportunities to work collaboratively with business sector partners and use collective influence to address economic impact of COVID19
- Support activity to strengthen statutory and voluntary and community sector partnerships and harness community response
- Champion and progress Year of Wellbeing pledges to achieve THRIVE bronze award
- Ensure your organisation's participation in planned training on workplace mental wellbeing for strategic partners
- Warwickshire colleagues - respond to Warwickshire's Health and Wellbeing Strategy consultation
- Support and champion population health management to inform plans and activity

Next meeting: 2 March 2021
